Longyearbyen

Day 1

The world's most northerly town, Longyearbyen, on Spitsbergen, Svalbard's largest island, also claims the most northerly high street and pub. It's home to The North Pole Expeditions Museum chronicling early pole-reaching efforts by air. Nearby, Svalbard Global Seed Vault preserves duplicate seeds from gene banks worldwide. Arctic waters around are populated by whales, including bowheads and narwhals, while walrus are regularly seen hauling out.

Svalbard

Days 2-7

Svalbard is the kingdom of the polar bears, deep in the Arctic Circle, featuring varied polar landscapes and gargantuan glaciers. Beyond magnificent fjords in the north, the remaining sea ice serves as prime hunting grounds for polar bears. Closer to Longyearbyen, tundra and beaches replace snow and ice. Alongside 600 polar bears, this Arctic hotspot is home to walrus, Svalbard reindeer, ringed seals and arctic fox
